

Line Classes

ID	Line Class	Description
1	Light	The breaking strain of the line, braided line or tippet may not exceed 3kg. An additional shock leader, not longer than 30cm, of any material or breaking strain may be attached to the lure or fly. In the event of fly-fishing the trace must be at least 2cm long and may not contain any metallic material. At its thinnest point it must have a leader of 30cm long with a max breaking strain of 3kg. [0.001kg - 3kg]
2	Medium	The same provisions here as in "Light" class, except that the breaking strain of the line, braided line or trace shall not be less than 3.001kg and not exceed 6kg. [3.001kg - 6kg]
3	Open	The same provisions here as in "Light" class, except that the breaking strain of the line, braided line or trace shall not be less than 6.001kg. [>6kg]
