

**SOUTH AFRICAN SPORT ANGLERS AND CASTING CONFEDERATION**

# NEWS FLASH #3

## MOVING FORWARD...

### Setting the pace on international level

SASACC and our National Federations & Association are increasing our hosting of international events and participation in international events. There are wonderful events taking place in South Africa soon or events wherein our teams are participating for the first time.

### SASACC Classic Tournament

Members of the SASACC Executive and leadership of the National Federations/Associations enjoyed a weekend of angling together as a teambuilding initiative and to create more awareness for the different angling disciplines in the Confederation. The next SASACC Classic will be in September 2024.

### SASACC Award Ceremony

The 1<sup>st</sup> SASACC Awards & Capping Ceremony will be hosted on 15 June 2024. During this historic event we will be recognizing persons who contributed immensely to the sport of angling and achieved great results in international events. It will also be the first time that the official Protea and Springbok Caps will be awarded to anglers who participated in 2023 while representing South Africa. This event is a huge milestone in the history of our sport.
